

PICTIONARY

Below are some fun drawing prompts to have your students draw in our Pictionary game. Use the game board across the top of the whiteboard to divide into two teams and make things competitive. Each team will send up one player to draw the current prompt. They will compete to draw the same image at the same time. The first team to guess what their teammate has drawn, advances on the board. Feel free to come up with your own drawing prompts. Rotate to a new drawer each round. Have fun!
